

CHANNEL DISTRICT COMMUNITY REDEVELOPMENT AREA

Channel District Improvements Project

NOTICE OF CONSTRUCTION

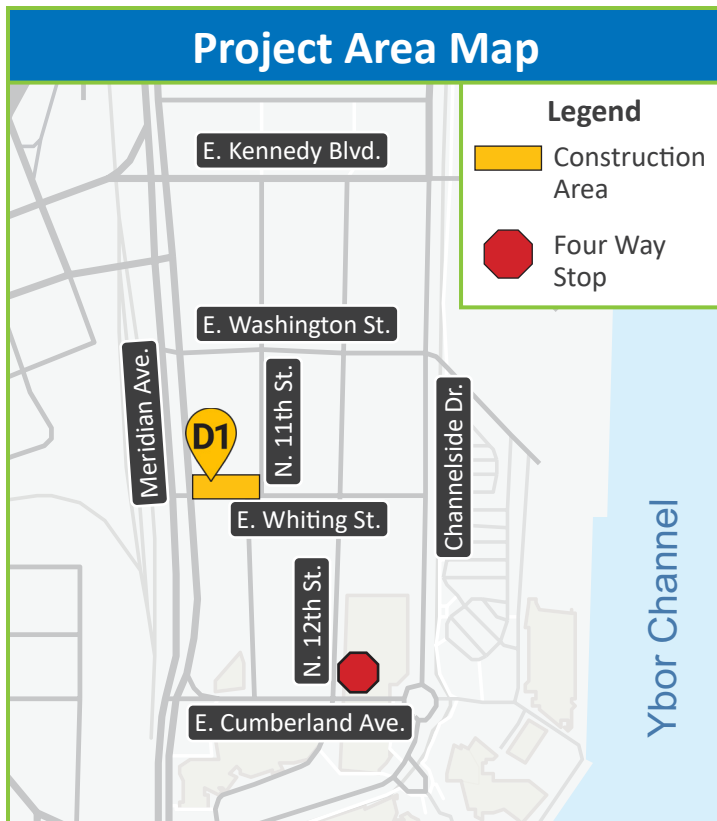

Construction of the Whiting Street Improvements (Phase D1) of the Channel District Improvements Project is scheduled to begin on Monday, January 17, 2022 (see map below). The project includes roadway and water infrastructure improvements as well as new landscaping and irrigation. This phase of the project is expected to be complete in early spring 2022. During Phase D1 of construction, Whiting Street will be closed to motorist and pedestrians between Meridian Avenue and N. 11th Street.

Detours will be in place to redirect traffic around the construction. The City has also added a four way stop at the intersection of N. 12th Street and E. Cumberland Avenue to help improve traffic flow and pedestrian safety.

How to Prepare

To prepare for the upcoming work and contribute to a successful outcome, we ask for your cooperation as follows:

- Remove existing landscape and/or hardscape items you would like to save from the right-of-way area abutting your property (typically 15 feet back from edge of roadway) prior to the start of work.
- Avoid installing new landscape and/or hardscape items within the right-of-way area and/or making any driveway modifications until restoration of your area is complete.

Contact Us

For questions, concerns, or to learn more, please contact the community outreach team by calling the project hotline, emailing, visiting the website or downloading the project app by scanning the QR code.
